

Thank you for considering me (Zach Hodgson Photography) for your wedding. I'm so excited to get to know you both during this awesome time of growth and transition in your lives. I hope that you will find the following information helpful and can't wait to meet you in person.

## Wedding Packages

All of my wedding packages include a complimentary pre-bridal portrait session so we can get to know one another better. It also allows us to figure out what style of photography suites you the best and helps to get you comfortable in front of a camera. Part of my job is to make sure that you are confident with me as a photographer so that you have one less thing to worry about on the day of your wedding. Also, who doesn't want to have a bunch of awesome photos to put on their announcements?
